Gaming Club	Keith Phillips	Local	Room 100B/Bi-weekly on Tuesdays	The Lanier Gaming Club has three goals. The first is to establish an environment in which students can meet people who share their interests and participate in relaxed games with club members. The second goal is to create a Lanier eSports team. With the rising popularity of eSports, students who participate on an eSports team will need communication, teamwork, and leadership skills to succeed. Much like a traditional sports team would. The third goal is to work with Hi-Rez Studios, a local game development company, to establish a high school league and to host regular tournaments and put together events for students involved in competitive eSports. Students who compete in the competitive scene will have the opportunity to earn prize money and scholarships towards their education.	Open to everyone.	None
Gay Straight Alliance	Glenn Chance/Amy Manlapas	Local/National	Room 410/ Every other Friday from 2:15-3:00	The Lanier High School GSA is an organization focused on creating a safe and accepting environment for students and the community regardless of sexual orientation, age, race, religion, and gender identity. We strive to encourage education, support, tolerance, and positivity; both within our club and throughout the school and community. We will work to eliminate ignorance, homophobia, and transphobia in a peaceful and progressive manner that continues in years to come in order to create a cultural norm rather than a necessity.	All students are welcome.	None
HOPE	Tania Armer	Local	Room 400	The mission of HoPe is to increase the graduation rate among Hispanic high school students through leadership, education, and community service.	Anyone can be a member.	\$15 annually

Students will range from various classes/academies and backgrounds to engineer, volalyze and produce music.	All Interested Lanier High School Students	\$5.00
Science National Honor Society	Margaret Rohrbaugh	National	Room 734	SNHS will be the prominent scientific organization that will engender a new group of young thinkers who will be the future of industry, research, and scientific exploration for America. We pledge to: Encourage and recognize scientific and intellectual thought, Advance the students' knowledge of classical and modern science, communicate with scientific community, aid the civic community with its comprehension of science, encourage students to participate in community service and in turn, encourage a dedication to the pursuit of scientific knowledge that benefits all humankind.	Membership for a student in the SNHS is conferred during the last two years of secondary school education. A student must have and maintain a 3.0 grade point average (4.0 scale) and a 3.5 in all science courses to be a member. In addition, the following qualifications must be met and maintained: A member must be enrolled in at least one honors or upper level science class during or prior to the eleventh grade year. A member must be enrolled in at least one second year honors or upper level science class during or prior to the twelfth grade year. If second year honors or upper level science courses are not offered by the school, then the student must be enrolled in a second first year honors or upper level science class during or prior to the twelfth grade year. A member must maintain a B average overall and a B+ average (3.5 on a 4.0 scale) across all science courses. (Some schools can strengthen this standard by increasing the grade level to no more than 3.75 on a 4.0 scale. The weighted scale in this case is 4.0.)	\$10 Juniors and \$20 Seniors
Science Olympiad	Margaret Rohrbaugh	National	Room 734	Science Olympiad is a national non-profit organization dedicated to improving the quality of K-12 science education, increasing male, female and minority interest in science, creating a technologically-literate workforce and providing recognition for outstanding achievement by both students and teachers. These goals are achieved by participating in Science Olympiad tournaments and non-competitive events, incorporating Science Olympiad into classroom curriculum and attending teacher training institutes.	Students in grades 9-12 who express an interest and demonstrate talent in the areas of science and technology.	Yes, \$4.00 for membership in national organization
